

Actividad 02: Creando la página del cliente

Gabriela Ramírez López
Septiembre 2024.

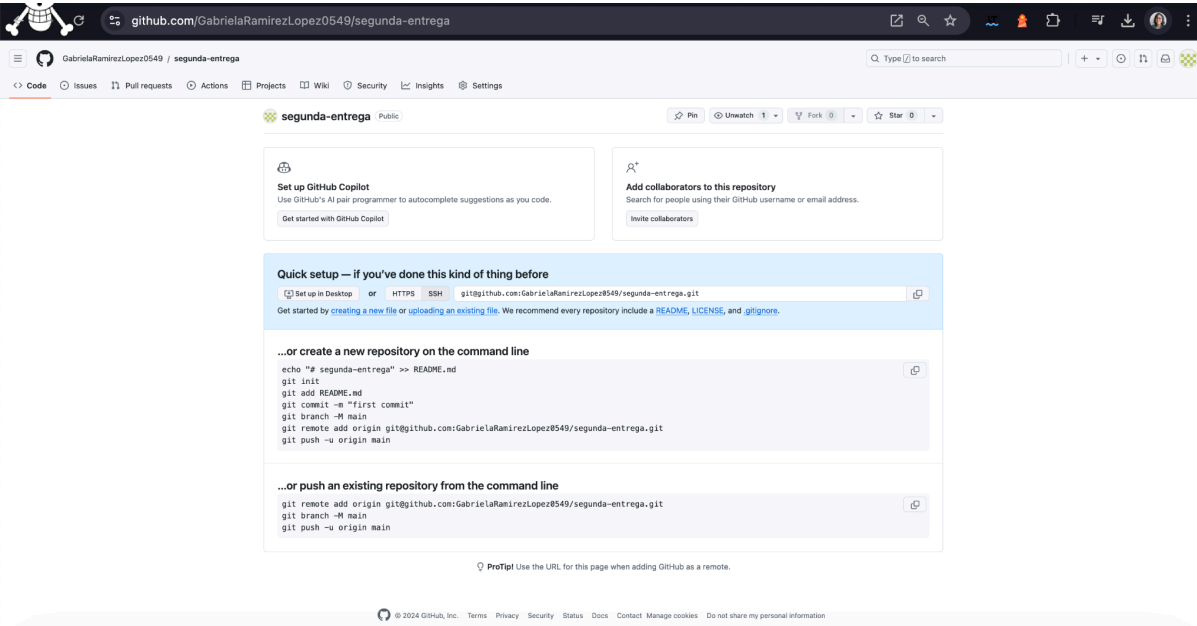

Cymetria #Talentmakers y la Caja Colombiana de Subsidio Familiar –
Colsubsidio
Bogotá D.C
FrontEnd (UX) código: 1F(-2024291

1. Mi primer repositorio

a. Crear un repositorio:

The screenshot shows the GitHub 'Create a new repository' page. The browser address bar shows 'github.com/new'. The page title is 'Create a new repository'. Below the title, it says 'A repository contains all project files, including the revision history. Already have a project repository elsewhere? [Import a repository.](#)'. There are two required fields: 'Owner' and 'Repository name'. The 'Owner' field is filled with 'GabrielaRamirezLopez0549'. The 'Repository name' field is filled with 'segunda-entrega'. A green checkmark indicates 'segunda-entrega is available'. Below these fields, there is a section for 'Description (optional)' with a text area containing 'Desarrollo de la segunda actividad de aprendizaje del curso FrontEnd 1F-(2024291)'. There are two radio buttons for 'Public' (selected) and 'Private'. Below these, there is a section for 'Initialize this repository with:' with a checkbox for 'Add a README file'. There is a section for 'Add .gitignore' with a dropdown menu set to 'None'. There is a section for 'Choose a license' with a dropdown menu set to 'None'. At the bottom, there is a green button labeled 'Create repository'.

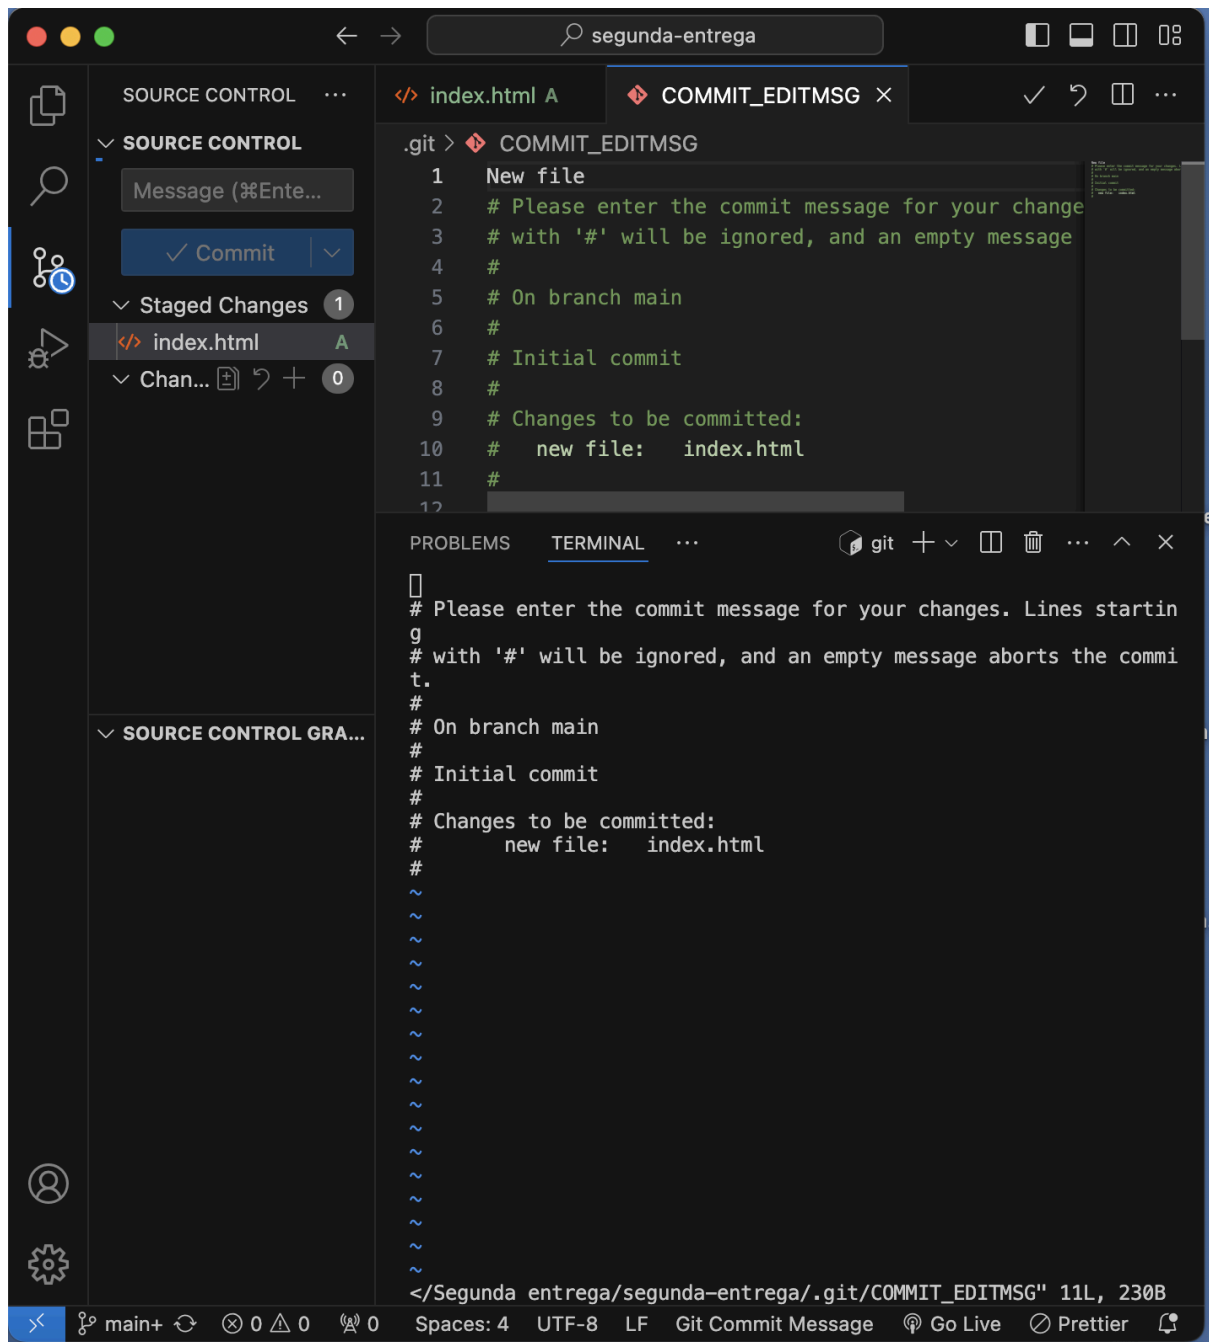

The screenshot shows the GitHub repository page for 'segunda-entrega' by user 'GabrielaRamirezLopez0549'. The browser address bar shows 'github.com/GabrielaRamirezLopez0549/segunda-entrega'. The page title is 'segunda-entrega'. Below the title, there are tabs for 'Code', 'Issues', 'Pull requests', 'Actions', 'Projects', 'Wiki', 'Security', 'Insights', and 'Settings'. The 'Code' tab is selected. Below the tabs, there is a section for 'Quick setup — if you've done this kind of thing before' with a text area containing the following commands:

```
git init
git add README.md
git commit -m "first commit"
git branch -M main
git remote add origin git@github.com:GabrielaRamirezLopez0549/segunda-entrega.git
git push -u origin main
```

 There is also a section for '...or create a new repository on the command line' with the same commands. At the bottom, there is a footer with the text '© 2024 GitHub, Inc. Terms Privacy Security Status Docs Contact Manage cookies Do not share my personal information'.

b. Crear un repositorio local en GIT:

c. Agregar archivos al repositorio:

d. Subir archivos a GitHub:
